Neighbors, no one loves you like he loves you
And no one cares like he cares
Neighbors, let us join today in the Holy love of God and
money
Because neighbors, no one loves you like he loves you

And what better way to show your love
Than to dig deep into your pockets
Dig real deep, and give until it hurts
Alleviate your guilt

Free yourself once again, because he gave to you,
brothers and sisters
Please give a ten, twenty five or fifty dollar tax
deductible donation
And I assure you your modest pledge will be used to
censor TV and radio
Ban questionable books, and contribute to many other
Godly services

No longer will young Christian Americans hedonistically
indulge
In masochistic submission
To rhythmic music, for with your monetary support
There is no end to what we can achieve in this country

The voice of God is government, the voice of God is
government
The voice of God is government, in God we trust,
sinners repent
One, two, three, four

Can't you see what we believe in, all our thoughts, all
our reasons
Pursuit of life and liberty and happiness we cannot
see?
Speak of truth with a mighty voice, but politics are your
real choice
Hire men to change the law, protect and serve with one
small flaw

Voice of God is government, the voice of God is

government
Voice of God is government, in God we trust, sinners
repent

If we shun God and Jesus Christ, religious love is
sacrifice
Love for God is shown in cash, the love they send is
mailbox trash
With every pamphlet we receive, more money asked
for Godly needs
Build a million dollar church, with money spent on
God's research

Voice of God is government, the voice of God is
government
Voice of God is government, in God we trust, sinners
repent

On late night TV, God can heal, a certain force you
cannot feel
Love for money in God's name, religion's now a TV
game
Build a million dollar church, with money spent on
God's research
Build a million dollar church, with money spent on
God's research

Voice of God is government, the voice of God is
government
Voice of God is government, in God we trust, sinners
repent

Yeah voice of God is government, the voice of God is
government
Voice of God is government, in God we trust, sinners
repent
