To touch to feel to hold you  
To touch to feel to hold you

When I think on an April morning  
I remember your smile  
And when I look at the sun  
I see your eyes.  
I hear the sound of your voice inside me  
It's like the lot of the moon.  
The wind still care  
Is the sound of your perview

To touch to feel to hold you  
And make you see  
To touche to feel to hold you  
You are everything to me

They are nights when we're still together  
Nights of plesure of pain  
When I wake up to find  
It's just a dream

To touch to feel to hold you  
And make you see  
To touche to feel to hold you  
You are everything to me

Yeah  
Have I ever defeat your silance?  
Is there nothing to say?  
Am I changing a rainbow far away?

To touch to feel to hold you  
And do you see  
To touch to feel to hold you  
You are everything to me

To touch to feel to hold you To touch to feel to hold you  
To touch to feel to hold you

To see the sunlight in your eyes

To touch to feel to hold you  
To touch to feel to hold you

To hold close and make you smile

To touch to feel to hold you  
You are everything to me

To touch to feel to hold you  
Makes me think on an april morning

To touch to feel to hold you  
I remember your smile

To touch to feel to hold you  
To hear the sound of your voice inside me  
To touch to feel to hold you
