Vers 1:

I took a ride to the city just to get away
Just a night in the city only wanna play
I took your bait and we got it on
How could I know you would read me wrong?
How could I know you would read me wrong?

Tell why I am running just to get away
Your alone and afraid telling me to stay
You took my bait and we got it on
Didn't know you would feel so strong
Didn't know you would feel so strong

Chorus:

Just because you are alone tonight
I can't be your yes man
I don't wanna be your superman
I can't fly at the speed of light
I can't be your yes man
I don't wanna be your superman

Vers 2:

Every road that I chose couldn't take me there
Cause your eyes never close and you stop and stare
You take my day and you take my night
I run away till I see the light
I run away till I see the light

Took a ride but the ride didn't take me far
Took a chance took a glance on a cookie-jar
I didn't steal and I didn't lie
I didn't know I would make you cry
I didn't know I would make you cry

Chorus (x2):

Just because you are alone tonight
I can't be your yes man
I don't wanna be your superman
I can't fly at the speed of light
I can't be your yes man
I don't wanna be your superman
