Life is such a crazy thing,  
it's never really what it seems,  
cause first we were chillin,  
now I got your feelins  
can you tell me what this means?  
I'm going through my voicemail,  
And I'm saving every message you sent  
I tried to read between the lines,  
to see if there was somethin' I missed.

(Beat section)

All of a sudden, my vision became so clear.  
Everything I needed was right here,  
before me (before me)  
So pressed to let you know  
just how you make me feel  
never had a feeling thats so real  
control me. (and i'm ready, girl I'm ready)

(Chorus)

Don't wanna play no games,  
I want you exclusive,  
Baby, we should just do this,  
with the feeling's so strong,  
how can we go on?  
No games, I want you exclusive  
theres no more excuses  
the feelings so right  
I want you girl, I need you girl

(Verse 2)

I really love your company,  
Hate it when you gotta leave  
another oppurtunity,  
for me to say everything.  
So tell me if i'm buggin,  
when you look at me like that (like that).  
I wanna say something,  
but I dont know how your gonna react.

(Hook)  
Ohh, you knew it all along,  
what was going wrong,  
let me take my pain  
before its too late  
I dont care how this may sound,  
but you need to know right now.  
so I might as well just come on out and tell ya.
