Passing gothic pattern of an iron fence  
The Royal Escort approaches the Castle's gates  
Two semi-naked girls are opening it  
Evoking an amazement of the tired knights

"Come inside and have rest after a long way  
Succubia with pleasure will receive a lost escort of the  
May  
For everyone got ready red wine and hot dish  
You are permitted to treat yourselves by our Lady's  
wish"

Surrounded by her suite the Princess get into the hall  
And sees a luxurious and majestic Dame from her  
dreams

"Many people get lost in a pine forest's mouth - it's  
enormous  
But the one who's got out of it comes to my house  
I hope you was not scared by it's dark silhouette  
I'm a daughter of Lilith and Samael - my name is  
Elizabeth"

The Countess invites everyone to the table  
Placing Princess Eleanor beside  
Other servant-maids appear in the great hall  
Serving each of the dear guests

Sweet taste of wine and good meal  
The view of peerless female charms  
Fill the veins of the noble knights  
With entrancing belladonna's juice

The revelry covers the awaken Castle  
With it's variegated gown  
Releasing from the den a Blade of Lust  
Which cuts the fruit of the Eden's Apple

Eleanor is in the ocean of desire  
Elizabeth strokes the Princess under the dress  
Between perfect and silken vestal thighs

Searching the gates of the Purity Temple

"You have known me - a lonely rose of human flesh  
I'm the source of your lecherous thoughts  
The sensual erotic splash  
You're just like me - lesbo blood runs through our veins  
The noble blood...  
So follow me and take all sweetness of virgin pain"
