Hey boys, gather round
We'll put it up and they'll tear it down
Hey boys, rockabye
Kiss the pretty girls goodbye

Hey boys, up on high
Don't you stop till you reach the sky
Hey boys, let it ring
A song for everyone to sing

Song for everyone to sing
Song for everyone to sing
Song for everyone to sing
Song for everyone to sing

Song for everyone to sing
Song for everyone to sing
Song for everyone to sing
Song for everyone to sing
