What could I do different?
It makes one sober to think
In an age of illusion
It's hard to know when to stop

How could I live indifferent?
Believing in time and fate
As long as I have a witness
My name is not at stake

Bring on this flowerin'
Bring on, bring on
Bring on this flowerin'

Put you side to listen
No words can now describe
It's hard waitin' from heaven
May your song keep you alive

Bring on this flowerin'
Bring on, bring on
Bring on this flowerin'

Bring on this flowerin'
Bring on, bring on
Bring on this flowerin'
Bring on

I know the day I said good bye
My, my drownin' tear catches a light
Like the gift of sight
The baby's eye, darkness into light
I can rest my soul in the light
I'm positively, spring time I need

The gift of sight
The baby's eye
Darkness to light
The gift of sight
The baby's eye
Darkness to light
The gift of sight

The baby's eye
Baby
