I lose myself, I forget myself  
Sometimes I fault myself  
Yes, I might fight myself  
But then I make amends

I freeze myself, rain on myself  
Ok, so I stone myself  
And I might even find myself  
But then again, what happens if I do?

So unzip my pride  
Baby, open me up wide now  
So I can show this to you

I wanna shine for you  
Babe I wanna sparkle too  
I tell you're just like a diamond cursed  
Well you know it don't get no worse  
Well you know that I'll save your time  
Your trouble now is mine

Hold me baby, hold me girl  
And I will laugh with you  
Laugh with you if you want me to  
Roll me in your splendor  
I'll envy your surrender  
And show, show you victory

Well I hate myself, doesn't everybody hate  
themselves?  
So what? I scare myself  
It's alright 'cause I tell myself  
I tell myself that it's forever all in my mind

So I let the poison go  
'Cause spare me I always know  
It will be there for me

I wanna shine for you  
Babe I wanna sparkle too  
I tell you're just like a diamond cursed  
Well you know it don't get no worse

Well you know that I'll save your time  
Your trouble now is mine

Hold me baby, hold me girl  
And I will laugh with you  
Laugh with you if you want me to  
Roll me in your splendor  
I'll envy your surrender  
And show, I'll show you victory, tease me baby

I wanna shine for you  
Babe I wanna sparkle too  
I tell you just like a diamond cursed  
Well you know it don't get no worse  
Well you know that I'll save your time  
Your trouble now is mine

Hold me baby, hold me girl  
And I will laugh with you  
I will laugh with you only if you want me to  
Roll me in your splendor  
I'll envy your surrender  
And show, show you victory
