Have mercy baby  
I'm descending again  
Open your eyes baby  
cause This time its sink or its swim  
No sermons on ascending  
No verdict on deceit  
I got no selfish memorandum  
No no confusion for me  
not for me

Chorus:  
Curses  
Curses and clues  
A feast, feast for fools

So have mercy baby  
And hand me downs  
well It was just a few years ago  
You'd hand me ups and map right out of town  
But I would let it slide  
Slide like mercury  
all Silver and quick baby  
Poisonous and deadly  
So deadly

Chorus
