Gaba, Two the one time
Two time, three time, four time
Alright baby, one time
I gotta movin', gotta movin', move, move, movin' now

I said, "What kind of trouble did I get into?", say
(Gotcha movin', gotcha movin')
I'm not stayin' long, I'm just the passin' through, baby
(Keep you rollin', keep you rollin')
I know the chemicals that you like too, say
(Gotcha movin', gotcha movin')
Say and if you ask me nice, I'm gonna take you to
school, I say
(Keep you rollin', keep you rollin')

I took all I need, I don't need no more
So I'll take what I want, until I want some more
You can't stop or I will pass you
If you slow down I will out last you
But when you're down you won't find me laughing
And just one question I might ask you
But it might sound like a disaster
Can you make this thing go faster?
Because it through the air

(Gotcha movin', gotcha movin')
(Keep you rollin', keep you rollin')
Will I know somethin', baby we can do?
(Gotcha movin', gotcha movin')
A pinch, a lick, a bite or maybe two, I say
(Keep you rollin', keep you rollin')
Saw what I came to see
I don't want to see no more
I don't think it's diseased
But is sure is sore

You can't stop or I will pass you
If you slow down, I will out last you
But when you're down you won't find me laughing
And just one question I might ask you
But it might sound like a disaster
Can you make this thing go faster?

Because it through the air

Try move move move it all on
(Gotcha movin', gotcha movin')
I got to keep you rollin'
Keep you rollin'
Keep you rollin'
Keep you roll, roll, roll, roll, roll
(Keep you rollin', keep you rollin')

You can't stop or I will pass you
If you slow down, I will out last you
But when you're down you won't find me laughing
And just one question I might ask you
But it might sound like a disaster
Can you make this thing go faster?
I say, can you make this thing go faster?
I say, can you make this thing go faster?
Make it go, make it go
