Here I am, there I was
Here I go, just follow me yea
If it was, then it can
And we know, how it will be

When it was, just because
Yes you know, it's not a dream no no
It's just all, c'mon y'all
I'll tell you, what I mean

Listen
When you want to lose your blues
(Go tell the congregation)
When there's nothing left that you can do
(Go tell the congregation)
When you want to tell the truth
(Go tell the congregation)
When the Devil's got a hold of you
(Go tell the congregation)

Tell it tell it tell 'em now you're such a

Don't look back, stay on track
It's a fact, a lesson to me
Keep in stride, with your pride
Now you know, how strong you can be

There's no time, draw a line
Yes I know, that you can know me well
Look alive, no surprise
When everybody wants to be free
Do ya

When you want to lose your blues
(Go tell the congregation)
When there's nothing left that you can do
(Go tell the congregation)
When you want to tell the truth
(Go tell the congregation)
When the Devil's got a hold of you
(Go tell the congregation)

Do you think your prayers are listened to?
Do you wonder who's lookin' over you?
Are you above, well are you all down?
[Incomprehensible] look around

If you want to lose your blues
(Go tell the congregation)
So when there's nothing left that you can do
(Go tell the congregation)
When you want to tell the truth
(Go tell the congregation)
When the Devil's got a hold of you
(Go tell the congregation)

Tell 'em tell 'em tell 'em who's [Incomprehensible]
Say do you know my name?
Do you know name?
Everything is everything

Everything is everything
