How much for your wings?
How much for your wings?

Well it comes and it goes
How much for your wings?
And it's high and low
How much for your wings?
I can name a price
How much for your wings?
Many forget their pride

If I were you, you were me
We'd know
And could it be, what you perceive
Is wrong?
What I mean, what wrong could be
I don't know
I'm not naive, I believe
So I may grow

How much for your wings?
The soul you kiss, goodbye
How much for your wings?
Watch the stars collide

If I were you, you were me
We'd know
And could it be, what you perceive
Is wrong?
You what I mean, what wrong could be
I don't know
I'm not naive, I believe
So I may grow

How does it feel
When you're the only one?
How does it feel
When you're the only one

If I were you, an' you were me
We'd know
And could it be, what you perceive

Is wrong?
And what I mean, what wrong could be
I don't know
I'm not naive, I believe
So I may grow

How much for your wings?
How much for your wings?
