It ain't funny
It ain't cute
Can't be conceived as an attribute
Oh no, but things don't work that way baby

Don't click your heels
Don't give a hoot
Don't want a twenty one gun salute
Never do, tell me, tell me baby what you want

You suggested that we bury the bone
Remember this reminder when you start to get cold
You think you'll only mind
Just wait until you're old

Just say you're sorry
And I'll say I'm wrong
Just say you're sorry
And I'll say I'm wrong

To ugly for beauty, to honest for cool
You take what you get
Rather be a horse than a mule
Don't take me personal, baby

You suggested that we bury the bone
Remember this reminder when you start to get cold
You think you'll only mind
Just wait until you're old

Just say you're sorry
And I'll say I'm wrong
Just say you're sorry
And I'll say I'm wrong

Baby shakes his rattle
'Cos he's emptied his bowl
Don't know what he's eating
But he does what he's told
Oh yes he does
They all say the boy be crazy

You suggested that we bury the bone
Remember this reminder when you start to get cold
You think you'll only mind
Just wait until you're old

Just say you're sorry
And I'll say I'm wrong
Just say you're sorry
And I'll say I'm wrong

Just say you're sorry
Just say you're sorry
Just say you're sorry
And I'll say I'm wrong

Just say you're sorry
Just say you're sorry
Just say you're sorry
And I'll say I'm wrong
