Every time I fall
I bring you along
'Cause I need you there

Every time I leave
For my selfish things
Well I know I'm wrong

No matter what I want to believe
Nothing like this comes easily

I tell you now I love you, yes I love you
Even though I know I should stay away
'Cause I hate you, yes I hate you
Even though it looks like I'm going to stay
And I think that I'm losing my mind
Losing my mind

And my time in the dark
Was tearing me apart
And that's not okay

A man of blood and bones
Alone on his throne
Could walk away

How your web has been spun
And I'm out of my mind and it ain't no fun

Tell you truth, I love you, yes I love you
Even though I know I should stay away
'Cause I hate you, yes I hate you
Even though it looks like I'm going to stay
And I think that I'm losing my mind

Tell you now I love you, yes I love you
Even though I know I should stay away
'Cause I hate you, yes I hate you
Even though it looks like I'm going to stay
And I think that I'm losing my mind

Yes I think that I'm losing my mind

Yes I think that I'm losing my mind
Said, I think that I'm losing my mind
