Your words buzz around my head  
You make me feel warm again  
You are my lover, my song and my best friend  
And I don't want this to ever end

You hold my heart in your hands  
Our home is like a promised land  
And I just want you  
Just want you to understand, sure you can

Only a fool would let you go  
Only a fool and I should go  
Only a fool would let you go  
I need you, so baby, please don't go

When we're lying in our big old bed  
We wake up just to fall asleep again  
When I dream of the time we've spent  
Well, it makes me so happy I just can't quit

Well I see the love in your eyes  
I know it will stay the rest of our lives  
And after that, and after that  
And over and over and over again

Only a fool would let you go  
Only a fool and I should go  
Only a fool would let you go  
I need you, so baby, please don't go  
Don't go, babe

Only a fool would let you go  
Only a fool and I should go  
Only a fool would let you go  
I need you, so baby, please don't go  
Don't go, baby

Only a fool would let you go  
Only a fool and I should go  
Only a fool would let you go  
I need you, so baby, please don't go
