Roll old Jeremiah
Roll it all night long
Roll old Jeremiah
The fox jumps over the hollow log

Wave goodbye to Albuquerque
Say hello Sioux City Falls
You got three good wheels still rolling
Don't let the dust set on you long

It's just another day from here to there
It's just another night alone
Yeah, the wind it is a simple friend
What brought you here can take you home

Lean as these hard times
Dry down to the bone
Roll old Jeremiah
Roll that whiskey barrel home

When you hear that whistle blowing
When your smoke is in the air
Roll on Jeremiah
Roll on home without a care

It's just another day from here to there
It's just another night alone
Yeah, the wind it is a simple friend
What brought you here can take you home

Double mounted, double gal
Lifted a pistol in Jesuit Bend
Up to Viper she did run

Careful Jeremiah now
You know how this is gonna go down
A bullet don't care where it comes from
Run, Jeremiah, run, run, run

It's just another day from here to there
It's just another night alone
Yeah, the wind it is a simple friend

What brought you here can take you home
