{[Incomprehensible]
[Incomprehensible]
Ya ya
[Incomprehensible]}
I said, "Hey there buddy"
Slow down for me
I'm friendly and I'm clean
I will not rob you or cause you misery
Your wheels sound good to me
I ain't green with travel
As you can see
I only got one bag
If I am trouble drop me off in Abilene
I'll pay my gasoline
Let me share the ride
Let me share the ride
It's hard livin' on travel time
Please, let me share your ride
I never was a young man
Never felt old
This life is a mystery
Coffee's hot, not cold
I'll turn your dashboard gold
Slow down take a look at me
Let me share the ride
Let me share the ride
It's hard livin' on travel time
Please, let me share your ride
Oww
Let me share the ride
Let me share the ride
It's hard livin' on travel time
Please, let me share your ride
I'm not running from anything
I've no past to hide
I've got no secrets haunting me
Say, "I just easy ride"
