I've been lost in the headlights  
All night long  
I said I've felt taller  
Yes I heard the dealer's song

Said babe don't mark me absent  
I only missed out by a fraction  
Be the sun that bursts through my clouds  
It's hard enough just living on this ground

Say don't pretend to me  
Oh I beg and I plead, your sunflower I need  
Thought nothing would surprise me  
I was wrong now I see come on baby and just do me  
Said if you please

This made me reminiscing  
About the honey we made  
I feel warm in your blizzard  
And your flood I crave

I won't abuse my anger  
I promise you no lecture  
Come be the sun bursting through my clouds  
It's hard enough just living on the ground

Say don't pretend to me  
I beg and I plead, your sunflower I need  
Thought nothing would surprise me  
I was wrong now I see come on baby and just do me

Say don't pretend to me  
Oh I beg and I plead, your sunflower I need  
I thought nothing would surprise me  
I was wrong but now I see

I see I might have made a mistake baby  
Because I love you  
Because I love you baby  
I, I said I really do  
I said I said I said  
I really really really do

Well I don't wanna live without you baby  
I can't live with Uncle Stakeout baby  
I I I got to do it
