I would rather be sloppy drunk, than anything I know  
I would rather be sloppy drunk, than anything I know  
Give me another half a pint, boy, then you will see me  
go

Now I love that moonshine whiskey now, tell the world I  
do  
Yes I love that moonshine whiskey now, tell the world I  
do  
Now this is the reason why that I drink, I'm just trying to  
get along with you

I said oh, oh, bring me another half a pint  
I said mmmhuh, bring me another half a pint  
Well I believe I'll get drunk, boy, and then we gonna  
rock this joint

Well I love that moonshine whiskey now, tell the world I  
do  
Yes I love that moonshine whiskey now, tell the world I  
do  
Now this is the reason why that I drink, I'm just trying to  
get along with you

I said oh, oh bring me another half a pint  
I said mmmhuh, bring me another half a pint  
Well I believe I'll get drunk, boy, and then we gonna  
rock this joint
