Under the weather I never got better  
Wrapped up in my disease  
Mile away she want to count my day  
Look a little older in the light

Under the weather feelin' very heavy  
Never up for no air  
Sea legs start to wigglin' and sick I'm still feelin'  
Just then I know I never cared

Don't you want to feel it  
Don't you want to stare it cold  
Don't you want to feel it  
Don't you want to stare it cold

Never thought about it and never no questions  
Seein' where I've gone wrong  
No kiss made me magic 'cause that old girl has had it  
Then it's time for me to run along

Don't you want to feel it  
Don't you want to stare it cold  
Yeah don't you want to feel it  
D-don't you want to stare it cold

Yeah don't you want to feel it  
Don't you want to stare it cold  
Hey don't you want to feel it  
Don't you want to stare it cold, oh yeah

Under the weather I never got better  
Wrapped up in my disease  
Mile away she want to count my day  
Look a little older in the light alright

Don't you want to feel it  
Don't you want to stare it cold  
Yeah don't you want to feel it  
Don't you want to stare it cold

Don't you want to feel it  
Don't you want to stare it cold

Yeah don't you want to feel it  
Don't you want to stare it cold

Gotta ever open my eyes  
Gotta stare it cold  
Oh yeah, gotta stare it cold  
Gotta stare it cold

Gotta stare it cold  
Gotta stare it cold  
Gotta stare it cold
