(Intro:

yo black dawn in the fuckin' house man comin' to you  
with another hardcore track  
called eyes of the bottle) no one ever fuckin' listened.  
No one ever fuckin' cared.  
Ridin' on your blanket of lies.  
Fallen down to this world of truth.  
Don't you know that i do hate?  
I could rape your shallow mind.

Fill your lungs up with my soul.  
Leave you here dying somewhere cold.

Chorus:

Now that i'm looking through the eyes of the bottle.  
You know i can hardly fuckin' see.  
I can hardly see.  
Lay you down you lay me low.  
Still i've got so far to go.  
Cause you were always getting fuckin' stoned) go!
