Where have I seen your face a thousand times as I
cried?

You would say it's all right now but you're gone.

Now I have no one to lean on.

Cause you took everything from me.

Chorus:

Wasted time it's on my mind.

Thanks for playing with my mind.

I don't care I've got myself.

I've got my friends that's all I need.

Wasted time that's all it is)

Bridge:

Wasted time is on my mind and I never know what it is
to be.

Been dealt these cards of shit but I'm sitting here and
dealing with it.

Everyday I look outside and see the grey remains of
fall and I question all the things i think.

Do really give a shit if you're still here with me?

Chorus
