Yeah

Kimmy Kim, Kimmy Kim, Kimmy Kim, Kimmy Kim

Why don't ya take it to the place where we're fillin' the skylight?

Where we'll be fillin' in the skylight, check it out

We be for connection to everything from calypso to

Hip hop down to bee bop now come rock slip slide to mine

B boy niggaz are gonna push butt

Rock and roll brothas are bound to serve it up

Got the leak so put the peas on turf

So get your waterproof walkman and go surf

John McEnroe get the kids all wacky

Jamal Anderson look he's from back in

The day now he runnin' over niggaz for the fightin'

Instead of lookin' over all y'all brothas from the balcony

But we construction' the bridge so y'all could come and visit

This goes out to every pea that exists how we doin' it?

Yo, it's like this

We bridging the gaps

We brought a lil' somethin' to

Start bridging the gaps

We brought a lil' somethin' to

Start bridging the gaps

We brought a lil' somethin' to

Start bridging the gaps

And it goes like

We direct revolutionizing the new concepts

Emergining binaries to prove success

Stereotypical they don't get it

We breakin' the barriers some sonic shit

L.A. to Kingston to London Bridge

New York to Germany to Brooklyn Bridge

Also my people in the Golden Gate Bridge

Innovators creatin' new rich

Got them skate kids sayin'

Let's rock
Got them brothas sayin'
Yo let's get fly
Got the whole south sayin'
Ya feel me?
Got them chulos sayin'
Ya feel me?

Every type of people be feelin' my section
'Cuz we be expandin' to a wider selection
Now this goes out to everything that exists
Yo how we doin' it? We do it like this
C'mon

We bridging the gaps
We brought a lil' somethin' to
Start bridging the gaps
We brought a lil' somethin' to
Start bridging the gaps
We brought a lil' somethin' to
Start bridging the gaps
And it goes like

Do do do do do do do
Do do do do do do do
Do do do do do do do
Do do do do do do do

Legacy must live on, legacy must live on
Legacy must live on
Make sure that the bridge is strong
Make sure that the gap is wide
Supply the future that we provide
Won't commit and just go inside
Give me room so I can dip and di
Show you how we hypnotize
Angry foot is gonna tell you why

We built this bridge
For the people in the park
We built this bridge
For the dummies in the dark
And we built this bridge
For the children in the light

We built this bridge
For the skeezers with sight
And we built this bridge
For my brothas that are blind
We built this bridge
For the ones that use their mind

And we built this bridge for everybody
For everybody

We bridging the gaps
We brought a lil' somethin' to
Start bridging the gaps
We brought a lil' somethin' to
Start bridging the gaps
We brought a lil' somethin' to
Start bridging the gaps
And it goes like

Start bridging the gaps
Start bridging the gaps
Start bridging the gaps
Start bridging the gaps

Start bridging the gaps
Start bridging the gaps
Start bridging the gaps
Start bridging the gaps
