

Black Eyed Peas "Do What You Want"

Visit "[Do What You Want](#)" on MotoLyrics.com

Start it up and load it, we about to unfold it
Bring that dynamite baby 'cause tonight we about to
explode it
Get moving, moving, get your body grooving
Do what you want, do what you want

Here goes another mighty blow that change your soul
forever
When the music hits you, you will feel no pain except
for pleasure
We put it on you, we from California
Los Angeles natives creating things that take you
higher

Elevate you past the stars
Infiltrating clubs and bars
End this now and act a fool
If your loss is what to do

Bounce, shake, wiggle and break
Let yourself go, open up the gates
And proceed the stampede

Start it up and load it, we about to unfold it
Bring that dynamite baby 'cause tonight we about to
explode it
Get moving, moving, get your body grooving
Do what you want, do what you want

Hello, it's me F E R G I E that's Fergie baby
In the place to be with B E P we keep it locked and
sturdy
We always rocking never stopping no
We keep it constant shocking often from Boston to
Austin

It's T to the A, B double O
Tab magnetic, rocking this show
Taking over beat when sees frequent
On your radio, it's the delinquent

'Cause Tab be nimble, Tab be quick

Watch the girls fall in love with Taboo's stick
I watch it like that and I watch it like this
You can't catch it and it's something that you can't miss

Start it up and load it, we about to unfold it
Bring that dynamite baby 'cause tonight we about to
explode it
Get moving, moving, get your body grooving
Do what you want, do what you want

Do what you want
Do what you want
Do what you want
Do what you want

Mayday, no delay, deliver the rhyme
Express rate, next day, get to you on time
Make way for the mash out, when we roll out
My crew, we don't fall out, we just pass out

Wake up, time to get moving
Time to get the body live, body live moving
Party powerful flows, the way we rocking them show
The way we spittin' the rhymes and break it on down to
the floor

Break, bounce, boogie and wiggle it
Do it, now, time to get into it
Break, bounce, do what you feel
Do what you want and let it all out

Oh, just do what you want today, 'cause it's okay
To leave responsibilities sometimes

Start it up and load it, we about to unfold it
Bring that dynamite baby 'cause tonight we about to
explode it
Get moving, moving, get your body grooving
In ignorance, in ignorance

[Incomprehensible]
