Just watch me, fallin' up
Just watch me, fallin' up
Just watch me, we fallin' up high
Just watch me

Focus on this the introductionist
More than lyricist in this rap metropolis
More like an activist, we give it to you all
Presentation we'll make you have a ball

Styles start consiveing causing you to meditate
Manipulate the mind with hypnotic legislate
We far from the fakes, we never fake moves
But jealous mothaf***** since the justice approves
and talk s***

And who the hell he be havin' a fit, yo, he ain't got s***
That's why he said Crypts, I identified what he rips
Skiznits of nonsense nothing less than bulls****

Westside, who can hang with the all around
remainders
A real entertainer, reviver of the true art form of hip
hop
Explore non-stop, entertain ya till you drop

We be fallin' up, never fallin' down
We keep it at a higher level, elevated ground
Put it in your area, city or your town
Black Eyed Peas is known for gettin' down

We be fallin' up, never fallin' down
We keep it at a higher level, elevated ground
Put it in your area, city or your town
Black Eyed Peas is known for gettin'

Flip the four steps to take is it fake
There's no remorse for a fake we must break
Time a rap source subdue that we make
Your collapse feel the force for intake

Witness the Peas as we innovate

We'll extrodanite, expose, instillate
Patterning pioneers, remember I crossed the lake
Apple in fact if it's not my mistake

Taboos unexplained means there's no escape
Form it, hate it, love it, rate it as great
God gave the talent, showin' that we create
Enough of being deep it's time to motivate

We be fallin' up, never fallin' down
We keep it at a higher level elevatin 'round
Put it in your area, city or your town
Black Eyed Peas is known for gettin' down

We be fallin' up, never fallin' down
We keep it at a higher level elevatin 'round
Put it in your area, city or your town
Black Eyed Peas is known for gettin'

Just watch me, just watch me

I see you try to dis our function
By stating that we can't rap
Is it 'cause we don't wear
Tommy Hilfiger or baseball caps

We don't use dollars to represent
We just use our inner sense and talent
If you try to dis the Peas
You'll get handled by apple beavy

Alligator, mumero uno creator
Black Eyed Peas be more than a playa
Don't gotta represent no set just
So I could get some respect

Ga ga ga ga ga ga cool
A lot of talent so I can get through
Because the way that you did it
I think that you done corrupt the whole hip-hop sound
So now we gotta follow up

We be fallin' up, never fallin' down
We keep it at a higher level elevatin 'round
Put it in your area, city or your town
Black Eyed Peas is known for gettin' down

We be fallin' up, never fallin' down
We keep it at a higher level elevatin 'round
Put it in your area, city or your town
Black Eyed Peas is known for gettin'
