Can you feel the hype?

Can you feel it in ya body-ah?

Can you feel it?

Can you feel it in ya body-ah?

Can you feel it?

'Cause I can feel it in my body-ah

I can feel it

It feels good to my body-ah

To my body, in my body-ah

Can you feel it?

Can you feel it in ya body-ah?

Can you feel it?

'Cause I can feel it in my body-ah

I can feel it

It feels good to my body-ah

We gonna make y'all, feel it

Make y'all, feel it

Make y'all wanna jam

Fellas in the place, just clap your hands

Ladies in the house, just grab a man

We gonna make y'all, feel it

Make y'all, feel it

Make y'all wanna move

Ladies in the place, just show 'em proof

Fellas in the house, you know what to do

We gonna make y'all feel it in a special way

An event full of action and expose

Ladies in the club lookin' ready to play

And I'm waitin' for the right one to pass my way

And in the meantime, I'm about to roll up The Hague

We got drinks on the table, time to parlay

And it's time to unwind if you've had a low day

And ladies, I got something to say

Can you feel it in ya body-ah?

Can you feel it?

Can you feel it in ya body-ah?  
Can you feel it?  
'Cause I can feel it in my body-ah  
I can feel it  
It feels good to my body-ah

To my body, in my body-ah  
Can you feel it?  
Can you feel it in ya body-ah?  
Can you feel it?  
'Cause I can feel it in my body-ah  
I can feel it  
It feels good to my body-ah

We gonna make y'all feel it  
Make y'al, feel it  
Make y'all wanna jam  
Fellas in the place, just clap your hands  
Ladies in the house, just grab a man

We gonna make y'all feel it  
Make y'all feel it  
Make y'all wanna move  
Lades in the place, just show 'em proof  
Fellas in the house, you know what to do

Feel the vibration of the bass charm  
Put your hand on the speaker, get your face blown  
Get up on the floor, get your dance on  
'Cause your backbone's connected to your ass thong

The ladies all dressin' up high fashion, hot  
Dancin' all sexy with passion  
Honey, if you don't mind me askin'  
Can you feel all that bass in that ass, hun?

Can you feel it in ya body-ah?  
Can you feel it?  
Can you feel it in ya body-ah?  
Can you feel it?  
'Cause I can feel it in my body-ah  
I can feel it  
It feels good to my body-ah

To my body, in my body-ah  
Can you feel it?  
Can you feel it in ya body-ah?  
Can you feel it?  
'Cause I can feel it in my body-ah  
I can feel it  
It feels good to my body-ah

Oh, this is it, this is it  
Gotta keep it moving, don't stop, don't stop  
Once you get moving, don't break, don't break  
Next thing you know you on top, you on top

So hop to the rhythm that we rock  
Get loose and express what you got, what you got  
At least you gotta give yourself a shot, a shot  
Hey, never get 'em up and gimme what you got

Can you feel the hype?  
I can feel the hype  
Can you feel the hype?  
I can feel the hype

Can you feel it in ya body-ah?  
Can you feel it?  
Can you feel it in ya body-ah?  
Can you feel it?  
'Cause I can feel it in my body-ah  
I can feel it  
It feels good to my body-ah

To my body, in my body-ah  
Can you feel it?  
Can you feel it in ya body-ah?  
Can you feel it?  
'Cause I can feel it in my body-ah  
I can feel it  
It feels good to my body-ah

To my body, feel it  
To my body, feel it  
To my body-ah, body-ah  
To my body-ah, body-ah  
Feel it

To my body-ah, feel it  
Body-ah  
To my body, to my body  
To my body-ah, feel it  
Body-ah, feel it  
To my body-ah, body-ah  
Body-ah, body-ah
