I'll never let you go  
So, never let me go  
I will be your journey  
And you will be my road  
Down the stormy path  
Love will never come to pass  
It will be an anchor  
Although the winds may blow

[Pre-Chorus:]

And through the depths of high and low  
Wherever you will go, I'll follow  
To the end, back again  
You know

[Chorus:]

Won't let you fall  
Fall out of love  
'Cause together we'll be holding on  
'Cause all we have is us  
Won't let you go  
Go away again  
Because life don't mean nothing at all  
If I don't have your love

[Verse:]

I will dry your tears  
Take away your fears  
Let me be your shelter

Your heart is safe in here  
So beautiful and pure  
There's nothing I would not endure  
Oh, love as got me blinded  
I see it all so clear

[Pre-Chorus (1x)]

[Chorus (1x)]

[Bridge:]

I'm down for you for whatever  
Anything you going through

What's mine is yours  
Every little thing  
I got you  
Even when winds will change  
Come smashing down and crashing on you

[Chorus]

(essa música está na trilha sonora do filme  
Poseidon)
