(Apl De Ap)

It's so amazing when a show is captivatn'
Gettin' everybody jumpin' and celebratin'
Only one's own musically be overlayin'
Connecting energy circulatin' inspiration
Together movin' in a synchronized formation
And if you're feelin' down this is survival from
depression
You see the lesson is we're rhyming for our mission
Abolish circumstance transmitting from a piston
Taking what I can but keeping peace in moderation
Ap is like an eagle with the alligator patience
Ready to attack any mic that I am facin'
No limitation where I'm takin' my creation cuz

You're hot, hot, hot (c'mon stop)
Hot, hot, hot (c'mon now)

Grab the microphone and show you where the forms at
Tell your girl adapts cuz the rhyme contact

And she easily attracted to it just like that
It's like this cuz the way we capitvatin'
We put her in a situation where she debeatin'
If she gonna up and jump and leave her mate and
Go promote for us down at the radio station
