Move your body and shake it around Hypnotized by the funky sound It allÂ... IÂ'mma get you something that you wonÂ't forget, oh Get on the floor as you feel the groove in I wanna feel so I start to move in A little cush so you shake it around Lay back, mesmerized by the way you get down

Uh, the way you regulate is so amazing Plus, you wanna make a brother start chasing Plus, Â... ridiculous Girl, what you want me to taste and touch?

I really wanna see you moving I really wanna see you dancing I really wanna see you moving I really wanna see you Come on! Move your body and shake it around Shake it around, shake it around Move your body and shake it around Move your body and shake it around Shake it around, shake it around Shake it around, shake it around Come, come, come on Come, come, come on
