I can't stand another night
Stand another night without you

Since you've been away
Everything don't seem like they used to be between
you and me
'Cause I'm missing you
I'm missing your love, love, love

I'm missing your love, love, love
I'm missing your love, love, love, love
I'm missing your love, love, love, love
I'm missing your love, love, love, love

Everyday, everyday that you gone
I'm singing that sad song
If loving you is wrong
Then, then I must be wrong

Even if when I'm gone don't go away
Our, our love is strong, don't go away
You're the one I want, don't go away
You're my, you're my, you're my number one

Yeah, our love ain't goin' out of fashion
I need your love, your passion
But love is everlasting, lastin', lastin', lastin'
Lastin', lastin', lastin'

Since you've been away
Everything don't seem like they used to be between
you and me
'Cause I'm missing you
I'm missing your love love, love, love

I'm missing your love, love, love
I'm missing your love, love, love, love
I'm missing your love, love, love, love
I'm missing your love, love, love, love

When I'm out on the road I'm missin' you
Rockin' them shows, missin' you

Up in Monaco I'm missin' you
Making gold

When I'm AC plus I'm missin' you
And glamorous, miss kissin' you
But I miss your touch, I'm missin' you
Yeah, I miss your touch

I spend all my time missin' you
With you in mind, missin' you
My mind's on you 'cause all I am is missing you
I'm missin' you, missin' you
I'm missin' you, I'm missin' you

Since you've been away
Everything don't seem like they used to be between
you and me
'Cause I'm missing you
I'm missing your love, love, love, love

I'm missing your love, love, love
I'm missing your love, love, love, love
I'm missing your love, love, love, love
I'm missing your love, love, love, love

It's all a dream [Incomprehensible] dream come true

Girl, I never had nothin' like this
When I'm all sprung caught up like this
Maybe it's your face girl, maybe it's your lips
Maybe it's the way you shake them hips

Baby, it's the way you do what you do
[Incomprehensible] all love's struck on you
I'll be just like an umbrella
The way I'm all over you

I know them other voice be callin' you
But they just want a piece I want all of you
Take my time just spoilin' you
'Cause I know I'm in love with you, with you, with you

Please baby don't go
I'm needin' you now

I'm missin' you, oh, oh, oh
I'm missin' you, oh, oh, oh
I'm missin' you, oh, oh, oh
I'm missin' you, missin' you
I'm missin' you, I'm missin' you

Hey, I miss your love, girl
I miss, I miss your love
I miss your love, girl
I miss, I miss your love

Hey, I miss your love, girl
I miss, I miss your love
I miss your love, girl
I miss, I miss your love
