Your pedestal is falling down, falling down, falling
down

Your pedestal is falling down, falling down, falling
down, da da da da da da

[Verse 1:]

Record sales are on the mark
'cause thats about the time the rumors start
Where all the people talking out their ass
Well, someone gotta school ya cause ya got no class
Well I've paid my dues
I'm a seasoned dame
So why you gotta throw salt in my game
You hide behind the computer screens so that you dont
have to be seen
How could a person be so mean

[chorus:]

Who are you-and what do you do
that makes you think you are above me
But have you walked in my shoes
The pedestal
You put yourself on
Well since I'm breaking it down now
It's gonna collapse and be gone-gone-gone-gone-gone

[verse 2]

Probably one of them tag a longs down 4 the free t-
shirt
'cause you're a hanger on
You think you got my figured out

Never met me have no clue what I'm about
Maybe I got things you wish you had
You need to stop the hate and get a pen and pad
I work around the clock, so fill your smoth up with a
sock
And get you head up off your jock
Tell me who you are and what your background is
Tell me how you're feelin' when you listen to this

[chorus]

[Bridge:]

Your pedestal is falling down, falling down, falling
down

Your pedestal is falling down, falling down, falling
down, dum dum dum dum

Your pedestal is falling down, falling down, falling
down

Your pedestal is falling down, falling down, falling
down, da da da da da

Tell me who you are and what your background is

Tell me how you're feelin' when you listen to this

You think I dont see you on the internet, I read it, dont
think I wont forget

[chorus x2]
