Power to the people
Power to the people
Power to the people
Power to the people

Power to the people
Power to the people
Power to the people
Power to the people, right on

They say we want a revolution
We better get on it right away
You better get on your feet
And head to the street, saying

Power to the people
(Power, give 'em power)
Power to the people
(Power, give 'em power)

Power to the people
(Power, give 'em power)
Power to the people, right on

You got a million people working for nothing
You better give 'em what they really own
We got to put you down
When we come into town, saying

Power to the people
(Power, give 'em power)
Power to the people
(Power, give 'em power)

Power to the people
(Power, give 'em power)
Power to the people, right on

Really gotta ask my brothers
How you treat your woman
When you back at home?
She gotta be herself

So she can free herself

Power to the people
(Power, give 'em power)
Power to the people
(Power, give 'em power)

Power to the people
(Power, give 'em power)
Power to the people, right on

Power, give 'em power
Give more people power
Extra hour for power
[Incomprehensible] open power
Free yourself, come on, just free yourself

Yo, give more people power
Power, power, power
Power, give more power
Give more people power
Free yourself, come on, just free yourself, yo

Power to the people
(Power, give 'em power)
Power to the people
(Power, give 'em power)

Power to the people
(Power, give 'em power)
Power to the people, right on

Power to the people
(Power, give 'em power)
Power to the people
(Power, give 'em power)

Power to the people
(Power, give 'em power)
Power to the people, right on

Power to the people
(Power, give 'em power)
Power to the people
(Power, give 'em power)

Power to the people
(Power, give 'em power)
Power to the people, right on
