Just had a show tonight
Voice all scraggly and all

Yo Tab and Ap let's go interact
Matter of fact let's attack 'em with the contact
Make the ultimate impact leave 'em hunchbacked
Light 'em up with the mic like we pyromaniacs
Feel the power when I unleash exact
There's no kinda act tactics that can stop that
When I climax, I'ma like kick a hole in that
Sympathetic non poetic crap you callin' a rap

And I might revitalize your cardiac
So you can realize the heart of rap recited by the Black,
Eyed Peas
I'ma seize your income
And freeze all the competition and give some
I flip a show up in the Hamptons
Rip it down to Compton performin' my anthem
You know that's the joint, that's the jam
Look I got some new shit, we came to do it again

Scream if ya need to just let it out, let it out
Let it, let it out, let it out
Holla if ya need to just let it out, let it out
Let it, let it out, let it out
Vent if you need to just let it out, let it out
Let it, let it out, let it out
Yo self just let it out, y'all just let it out
Holla and let it out

Introduction, here's a new concussion
I'ma break it down like a mechanical conductant
Eruptin' volcanic lyrically meaning somethin'
All you muthafuckas sayin' nothin' need to stop them
Time to break forth, ain't no goin' back now
Movin' on for the better things that's my profile
Up roar uncontrollably make you say
[Foreign content]

Creates so soul sonically makin' you bounce your
Energetic created terror shakin' your dance halls

One in a million with the mission, bringin' in back, raw
Talent on the mic will excite better than dropped bras
Anybody lost follow the source of course
BEP the family bringin' you the strongest force
Bridgin' it on every angle and make ya
From the mic Apl-De-Ap is on demand

Scream if ya need to just let it out, let it out
Let it, let it out, let it out
Holla if ya need to just let it out, let it out
Let it, let it out, let it out
Vent if ya need to just let it out, let it out
Let it, let it out, let it out
Yo self just let it out, y'all just let it out
Holla and let it out

Me and microphone go like source for me and warn
My delivery is news like get on your mark
When it's on then it's on step on stage and perform
If you're scared then step off, 'cuz your pride be all
gone
If it's time that you leave, go ahead then proceed
If it's skills that ya lack take twenty steps back
It's a slap you will get if you try and disrespect
The crew is the Peas and we 'bout to do the next

Don't stress yourself
Breathe in, breathe out
Don't stress yourself
Breathe in, breathe out
Don't stress yourself
Stop thinking about, the times you were roaming about
Don't tail the wing laughing about

Don't stress yourself
Breathe in, breathe out
Don't stress yourself
Breathe in, breathe out
Breathe in, breathe out
Don't stress yourself, yea
Breathe in, breathe out
Don't stress yourself
Don't stress yourself
