Care to shhhhhh only just rockin' anymore?  
I started out just rocking their floors  
But now I'm oversea's rocking your rear and mores

Most I'm dedicated to the city of L.A.  
Open up the circle and rockin' in the bay  
Take it down to London and rock the same way  
dominant and earth then back to sydney

We rock the earth,

'cause we don't play  
we do it like this  
the Black Eyed Pea way (Pea way)  
Do what we do, not what we say, (say)  
Get on the floor and shake your thang (thang)

Do that, do that, do that, do that (oooh)
