Right now, right now is the right time
For the good things in life, let's celebrate
Let's bring upon the better times
And let the sadder time disappear

Oh, I feel like a champion in a stadium
There's love in pandemonium
I'mma put this in my memory
As the best time ever

This is the best one yet and I'm so happy
How could we ever forget?
This is the best one, this is the best one

This is the best one yet and I'm so happy
How could we ever forget?
This is the best one, this is the best one
This is the best one yet
Let's celebrate, let's celebrate

Let's celebrate, let's do it right now and not hesitate
We're gonna rock into the top like elevate
Bottoms up, here we go, let's intoxicate

I was feeling good but now I'm feeling free
Best ever and you know I don't exaggerate
This moment is the moment I will appreciate
Today is the day I will remember

This is the best one yet and I'm so happy
How could we ever forget?
This is the best one, this is the best one

This is the best one yet and I'm so happy
How could we ever forget?
This is the best one, this is the best one
This is the best one yet
Let's celebrate, let's celebrate

This is your moment, this is your moment
This is the time, this is the time
To get it right tonight, to get it right

You don't wanna let the moment pass you by

So come on and see this one in a photograph
Everything that made us cry and made us laugh
The night is young and will raise a glass
Would make it count like the best one we ever had

The best one yet, the best one yet
The best one yet, the best one yet
The best one yet, the best one yet
This is the best one yet, the best one yet

The best one yet, the best one yet
The best one yet, the best one yet
The best one yet, this is the best one yet

This is the best one yet and I'm so happy
How could we ever forget?
This is the best one, this is the best one

This is the best one yet and I'm so happy
How could we ever forget?
This is the best one, this is the best one
This is the best one yet
Let's celebrate, let's celebrate
