You was fooling me once before
But I tell you there's no fooling me twice no more
'Cuz when I open up my third eye, my third eye
You cant get away wit' murder, wit' murder, yeah

You was fooling me once before
But I tell you there's no fooling me twice no more
So stop your oppression, oppression
Check it out I got a question, a question
If Bush is Pinnochio, Pinnochio
Who the hell is Gepetto, Gepetto? Beware of Gepetto

'Cuz he got knives and clips and a dagger
that's shaped into a crucifix
And he'll stab your back with it
And give it to your brother as a necklace for Christmas

Welcome to the valley of the beast
Where they sing in harmony but never speak no peace
Keepin' their eye on the fedia cheddar
things that ain't really for the better

I could point out their behavior
To keep ammuned from the poisonous flavor
But once your caught I can't save ya
They'll manipulate your mind, so you enjoy danger

He can sell sand to Iran
Ice to an Eskimo, water to a dam
And these are akin to Uncle Sam
The one that taught him how to scam

He was fooling me once before
But I tell you he ain't fooling me twice no more
'Cuz when I open up my third eye, my third eye
He cant get away wit' murder, wit' murder
Know what I'm saying?

(No no no no no no)
Can't fool me again
(No no no no no no)
I'm into games you play

I know your game

(No no no no no no)
Won't fall down again
(No no no no no no)
Won't trip on games you play
I know your game

You could fool me once
(No no)
But you can't fool me two times
(No no)
'Cuz I got three eyes
(Yeah yeah)
One look from the left side
(Yeah yeah)

The other from the right side
(Yeah yeah)
Got one eye on the inside
(Yeah yeah)
And I can see you outside
(No no)
Plottin' to come in
You can't fool me, you cant do me
You cant run through me

Sometimes we need to change, to change, to change
Leave the past behind
Leave the past behind or shall we look into the future?
Look ahead, that's right
