Hey lady how you been?  
What you doing? What you need?  
What's your name? What's your sign?  
What you think? What's on your mind?  
Can you mingle spend some time,  
Can i try to make you mine?  
Are You single? Let me know,  
All these things I wanna know.

Lady lady come with me,  
Hop inside my love machine,  
We can share the energy,  
Make a pretty melody,  
La-Da-Dee, La-Dee-Da,  
Special woman is what you are,  
We can take it to the stars,  
and we can go far and beyond.

Tell me where ya wanna go,  
Where ya wanna go?

Baby we could take it fast,  
We could take it slow.

Give me one night and I can make you my,  
Sweet Love.

Girl you know, you the one,  
We should go, have some fun,  
Got me whipped, got me sprung  
All my niggers think im dumb,  
I don't care, I love you,  
You love me, Yeah that's true,  
That's the only thing that matters,  
not all that other chit chatter.  
La-Dee-Dee, La-Dee-Da,  
What you love is what we are,  
Girl you hold, hold my heart.  
And nothin rip us apart.  
Be me light, be my star,  
Be my L-O-V-E-R,  
Let the love,

makin love,  
love is on.  
We can go far and beyond.

Tell me where ya wanna go,  
Where ya wanna go?

Baby we could take it fast,  
We could take it slow.

Tell me what you wanna do,  
What you wanna do?

Maybe you could fall for me,  
and I could fall for you.

Give me one night and I can make you my,  
Sweet Love.

Baby, Baby, Let me know,  
Tell me where you wanna go?  
I will be there for your love,  
and love you like never before,  
Take you where ya wanna be,  
I'll make some time for you and me,  
I need your love like remedy,  
My 911 emergency,  
I love you baby,  
I, I, I love you baby,  
You drive me crazy,  
You, You, You drive me crazy,  
You're so amazing and your loving is incredible,  
I keep on waiting and waiting, so baby let me know.

Tell me where ya wanna go,  
Where ya wanna go?

Baby we could take it fast,  
We could take it slow.

Give me one night and I can make you my,  
Give me, Give me one, one,  
Give me one night and I can make you my,  
Give me one, Give me one,  
Give me one night and I can make you my,  
Give me one, night,  
Give me one night and I can make you my,  
Sweet Love.

Oh, I take you to my room,  
I know you in the mood,

I told you once before, before,  
My space ship it go zoom,  
I take you to my palace  
Lets rendezvous in Dallas  
Take private planes through central bay and  
wonderland like alice  
We'll travel with the stars,  
and baby we'll go far,  
So grad up on this venus make my milky way through  
mars,  
So baby go with me,  
Explore these galaxies,  
I'll show you that I love you,  
Cos' girl you the one for me, yeah.
