There was a girl I knew  
She saw the prison inside  
She cursed her keeper  
And swore she'd get free

Every time I see  
I got my hands wrapped around the bars  
I want out right now

She led an angel's life  
On angel's wings  
Jumped out her apartment window  
And hit the street below

Every time I see  
I got my hands wrapped around the bars  
I can't shut off my mind  
And now I've waited, my hands are wrapped around  
the bars  
I'm burning, my soul is pushed against the bars  
The bars, the lies, the lies, lies, lies  
Are trapped behind the bars

My mind hates my body  
My body hates my soul  
I close my eyes and fight  
Inside my own black hole

Every time I see  
I got my hands wrapped around the bars  
I want out right now!

I've lived my life  
I'm doing my time  
I realize life's lie

Every time I see  
I got my hands wrapped around the bars  
I can't shut off my mind  
And now I'm waiting, my hands are wrapped around  
the bars  
I'm burning, my soul is pushed against the bars

The bars, the lies, the lies, lies, lies  
They're trapped behind my eyes
