Who are you with, where have you been
Imagination turns thoughts, reason can't change
Staring at the walls, think I know what I see
Anger and coffee, feeling mean

Drinking black coffee, black coffee, drinking black
coffee, staring at the wall
Black coffee, black coffee, black coffee, staring at the
wall
Black coffee, drinking black coffee, drinking black
coffee, staring at the...
Stab through my heart, stab through my heart, stab
through my heart
But its all in my mind, mind, mind, mind
Just in my mind, mind, mind, mind
Its just in my mind, yeaaaaaaaaa

My heart is pounding, as stare at the wall
Its my turn to be jealous, now I don't stand for it all
In fact I'm pretty stupid, I'm feeling small
Anger and coffee, feeling mean

Drinking black coffee, black coffee, black coffee,
staring at the wall
Black coffee, black coffee, black coffee, staring at the
wall
Black coffee, drinking black coffee, drinking black
coffee, staring at the...
Stab through my heart, stab through my heart, stab
through my heart
But its all in my mind, mind, mind, mind

Just in my mind, mind, mind, mind
Its just in my mind

Yeaaaaaaaaa
Drinking black coffee, drinking black coffee, drinking
black coffee, staring at the wall
Black coffee, black coffee, black coffee, staring at the
wall
Black coffee, drinking black coffee, drinking black
coffee, staring at the...

Stab through my heart, stab through my heart, stab
through my heart
But its all in my mind, mind, mind, mind
Just in my mind, mind, mind, mind
Its just in my mind, yea

If the night goes on, paranoia adultery
Why should I be so stupid, when I can't really see
The other side of the wall, is eating away at me
Anger and Coffee, feeling mean

Drinking black coffee, black coffee, black coffee,
staring at the wall
Black coffee, black coffee, black coffee, staring at the
wall
Black coffee, drinking black coffee, drinking black
coffee, staring at the...
Stab through my heart, stab through my heart, stab
through my heart
But its all in my mind, mind, mind, mind
Its just in my mind, mind, mind, mind
Its just in my mind
