Sun's coming up and I can't decide
To spill my emotions or keep them inside
Go for a drive, go to the store
I'm looking for something that can't be bought there

I always wear a smile
Because anything but a smile would make me have to
explain
And they wouldn't understand anyway
I conceal my feelings so I won't have to explain
What I can't explain anyway

I can't decide
I can't decide
I can't decide anything

I can't decide
I can't decide
I can't decide anything

Every time I open my mouth
I always wish I had kept it shut

I gotta spill my guts - but I don't dare
I take a look around, I know that no one else cares

Sun's coming up and I can't decide
To spill my emotions or keep them inside
Go for a drive, go to the store
I'm looking for something that can't be bought there

I always wear a smile
Because anything but a smile would make me have to
explain
And they wouldn't understand anyway
I conceal my feelings so I won't have to explain
What I can't explain anyway

I can't decide
I can't decide
I can't decide anything
