Had money in my pocket  
But he had a gun  
How was I to know  
That I was a lucky one?  
You got me through this time  
But my time will come  
When things get wild  
I'll get out from underneath the gun

You're retired at 21  
Your mind is gone  
Your race is run  
You're retired at 21  
You side with the law  
And the man with the gun

Lookin' for a thrill  
But it just ain't that easy  
'cause when you move in for the kill  
Got to get sleazy  
The bait'll come off the wild(? )  
Before we crawl all over you  
We've both got power  
And at(? ) you'll don't know what I'll do

Money money money  
'll buy you food into my brain  
But your heart can't even breathe  
'cause your soul's already claimed  
Collecting a scrapbook

Proud of what you've done  
No more pushing  
Retired at 21

You're retired at 21  
Your mind is gone  
Your race is run  
You're retired at 21  
You side with the law  
And the man with the gun

Crapshoot crapshoot  
Don't know what you'll find there  
Don't want no one  
To catch you in a dare  
Your life story is complete  
The clock has got you beat  
You look at life  
Then you turn and retreat

You're retired at 21  
Your mind is gone  
Your race is run  
You're retired at 21  
You side with the law  
And the man with the gun
