Do you want to see my true face  
And get to know my real place  
Do you really want to see how much I know  
And feel, I know what I'm supposed to be  
I'd rather feel that to see and when I run there is  
Nothing that can hold me up  
I had a hot streak one time it helped to make  
Up your mind and now it's showing everything  
I need to be, my word does not mean a thing  
It only helps to get free so I can do as I please  
What is hiding beneath my skin  
It's just the costume I'm in  
It's changing colors any time I want it to  
I need attention all day  
I'm prone to make some mistakes  
But it's never my fault, it's yours  
I make the other half see  
How blessed they are to have me  
How lucky they should feel that I'm around for them  
No matter what I can't fall  
I'm always here for them all  
Just as long as everything is always geared to me  
I'm a jerk, I'm a creep, I'm so shallow, I seem deep  
I got what I want and I got how I need  
And I know that you will always listen to me  
Do you think I can help the world  
My tail is hidden and curled  
And I can lash back anytime that I want to  
Ideas are none but my own  
I don't care what I have sown  
I'm out of reach for anything to come back on me  
When all is finally done at least I know I'll have fun  
And by the way how were things for you  
I really couldn't care less  
'cause I don't clean up the mess  
Everything is always taken care of for me  
Mine is never to take the blame  
My story's never the same  
I'll rearrange it to try and get away  
And when I go to my grave  
I don't care if I am saved  
I'll get the same treatment that I got down here
