All this again.
I thought I saw this coming down
Dear God I think it's spinning 'round
I hope it comes in full swing one more time.
What's in and out, what's east and west
'cause smiling's what I like the best
The faces all look tense until the end.
I am.
My clothes don't fit so well today,
My hat's too tight and by the way --
Things are going well, thank You so much.
The smile I give is from the soul,
My knees are bent, and my hands are folded,
And this one's still between just You and me.
I am.
All this again
