Pure and clear landscapes  
Melancholy and wrath blaze up  
Pleasure and tranquillity  
Frozen hatred for men

Abreption begins  
Subconscious becomes reality  
Clarity,  
... and wisdom?

Stare into this realm  
Calming scenes inside your mind  
No scorn any more  
Desperately in need of her hand?  
No longer mesmerized  
Veracity reveals, no regrets  
Celestial cosmic force  
Pestilent old-growth forest  
Smouldering nature  
Toxic rain of resurfaced humans  
Drowning...  
The old woman lost her elegance!

Back to raw, majestic nature  
Kissing her, numb with grief... futile...  
Vast grim... no encore!
