You and I have an understanding  
You and I have an understanding that's so true  
No spoken words express my love for you  
A tender kiss does more than any word can do

I'm talking about me and you  
And I'm so glad that you and I  
Wanna give, oh darling  
You and I wanna give a challenge that they know  
Each and everyday in a thousand different ways  
We find our love like shining light beneath the sun  
Cause you're the one  
Oooh

You and I  
You and I  
You and I have an understanding  
Our love goes on and on  
No other one can love like me and you  
This love with have will always over shine the rest

You and I have an understanding  
You and I baby we have an understanding  
You and me baby have an understanding  
You and I have

We love each other  
That's all that matters (x 3)

We understand that you and I (x 9)
