i can't get you outta my
i can't get you outta my
i can't get you outta my

head is spinnin' like a cyclone
cuz were stuck in different time zones
you got me stayin' up all night long

so when ya gonna come home
cuz i'm all alone
it just feels so wrong
when it's just through the phone
im missin' your taste
my hands on your waist
the way that you say

i can't get you outta my head (my head)x3
i can't get you outta my head (my head)x3
i can't get you outta my
head is stuck on you
it's all because of you
girl it's everything you do
i can't get you outta my head (my head)x3
i can't get you outta my

head keeps fallin' even faster
feels like a natural disaster
i need a happy ever after

so when ya gonna come home
cuz i'm all alone
it just feels so wrong
when it's just through the phone
im missin' your taste
my hands on your waist
the way that you say

i can't get you outta my head (my head)x3
i can't get you outta my head (my head)x3
i can't get you outta my
head is stuck on you

it's all because of you
girl it's everything you do
i can't get you outta my head (my head)x3
i can't get you outta my

i can't get you outta my
i can't get you outta my
i can't get you outta my
i can't get you outta my

i can't get you outta my head (my head)x3
i can't get you outta my head (my head)x3
i can't get you outta my
head is stuck on you
it's all because of you
girl it's everything you do
i can't get you outta my head (my head)x3

i can't get you outta my head (my head)x3
i can't get you outta my head (my head)x3
i can't get you outta my
head is stuck on you
it's all because of you
girl it's everything you do
i can't get you outta my head (my head)x3
i can't get you outta my
(i can't get you outta my)
