Lili, take another walk out of your fake world  
Please put all the drugs out of your hand  
You'll see that you can breathe with no back up  
So much stuff you've got to understand

For every step in any walk  
Any town of any thought  
I'll be your guide  
For every street of any scene  
Any place you've never been  
I'll be your guide

Lili, you know there's still a place for people like us  
The same blood runs in every hand  
You see it's not the wings that make the angel  
Just have to move the bats out of your head

For every step in any walk  
Any town of any thought  
I'll be your guide  
For every street of any scene  
Any place you've never been  
I'll be your guide

Lili, easy as a kiss we'll find an answer  
Put all your fears back in the shade  
Oh don't become a ghost with no colour  
Cause you're the best paint, life ever made

For every step in any walk  
Any town of any thought  
I'll be your guide  
For every street of any scene  
Any place you've never been  
I'll be your guide
