One, two three  
Yeah, yeah, yeah  
Oooo ohhh  
Yeah, yeah, yeah

If I threw a party would you be there  
Would you bring your friends too  
'cause why should we stay at home  
With something better to do

Let's started in the house  
And move it to the street  
C'mon and follow me

And have some fun with the funk  
Turn up the bass and pop the trunk  
This party's gonna pump  
Bebop and body bump

Let's have some fun with the funk  
Turn up the bass and pop the trunk  
This party's too short  
So c'mon get on board  
And have some fun

We all need a permanent vacation  
From the things that get us down  
So turn it up and turn it out  
'cause it can never get too loud

Let's take it from the street  
And move it to the beach  
There's sand beneath our feet

And have some fun with the funk  
Turn up the bass and pop the trunk  
This party's gonna pump  
Bebop and body bump

Let's have some fun with the funk  
Turn up the bass and pop the trunk

This party's too short  
So c'mon and get on board  
And have some fun

There is no place I'd rather be  
And it's no secret why  
It would never mean as much to me  
Without you by my side

One  
Stop starrng at the walls  
Two  
All you girls and boys  
One  
It's time to make some noise  
Two

One, two, three  
And have some fun with the funk  
Turn up the bass and pop the trunk  
This party's gonna pump  
Bebop and body bump

Let's have some fun with the funk  
Turn up the bass and pop the trunk  
This party's too short  
So c'mon and get on board  
And have some fun with the funk

Turn up the bass and pop the trunk  
This party's gonna pump  
Bebop and body bump

Let's have some fun with the funk  
Turn up the bass and pop the trunk  
This party's too short  
So c'mon and get on board  
And have some fun with the funk
