Come on
Uh, uh, uh

I've been around on this journey
And I'm learnin' as the world keeps turnin'
You got to face the fight just to live the dream (Just to
live the dream)
Who could have believed
That what I've acheived
Tourin' the globe and all those fun memories (What)
Who would have guessed that it would be like that
(It would be like that, come on)

But through it all
Who's been there for me
To care with me
Even she'd a tear for me
You're the one who's kept it real
So in return this is how I feel
(Come on)

[Chorus]
Looking back where I came from
And I had to tell you in this song
Without you
Where would I be?
(Come on, hear me out now)

No matter where this road may lead me
Hometown boy or a face on TV
It's plain to see
That without you there'd be no me
(Be no me, come on)

It's a dream that i've come so far
The ups and downs were there
But I worked so hard (that's right)
Many people don't know the life I live (The life i lvie,
what)
Always on the road
Always plannin' a show

Gettin' down to business in the studio
I can face the day coz the love you give (Coz the love
you give, come on)

Through it all when the day is done
The nights begun
You're still my number one
You're the one who's kept it real
So in return this is how I feel

[Chorus]

One shout to my family
Coz when things get hard
They understand me

Two shouts to my boys at home
Although I'm not there
You know you're not alone

Three shouts to my label
Coz without them I would not be able
To make the fourth shoutout
The ones I think about
The masterpiece to the masterplan
That's you the fans

Looking back where I came from (From where I came
from)
And I have to tell you in this song
Without you
Where would I be?
(Come on, hear me out now)

No matter where this road may lead me (This road may
lead me)
Hometown boy or a face on TV
It's plain to see
That without you there'd be no me

Looking back

Looking back where I came from (From where I came
from)
And I had to tell you in this song
Without you
Where would I be
(Where would I be today)

No matter where this road may lead me (This road may
lead me)

Hometown boy or a face on TV
It's plain to see (Plain to see)
That without you there'd be no me (Be no me)
