Hello there, what do you wanna do tonight?  
I'm a man, girl. Whatever you think's right!  
How about me? Do you think I'm fine?  
Hell yeah baby, let's do it in style!

One night stands are the ones for me  
Nothing to be bound on and it's me still being free.  
A lot of the girls like to do it time.  
But for us, men, multiple times.

Bring me to the field. To the field of fire!  
Let's do it, baby. And bring the sexual desire.  
I like you, girl. But I'm not gonna keep you.  
Not gonna happen and it's not that I hate you.

One night stands are the ones for me  
Nothing to be bound on and it's me still being free.  
A lot of the girls like to do it time.  
But for us, men, multiple times.

Hello there, what do you wanna do tonight?  
Forget about the movie, it's your ass I wanna ride.  
We do it over and over, but, baby, I lied.  
I do like you, girl, but it ain't style.

One night stands are the ones for me  
Nothing to be bound on and it's me still being free.  
A lot of the girls like to do it time.  
But for us, men, multiple times.

One night stands are the ones for me  
Nothing to be bound on and it's me still being free.  
A lot of the girls like to do it time.  
But for us, men, multiple times.
